DECON TECT

# 2DK

## 2-MAN DECONTAMINATION KIT

# PROTECT YOURSELF + YOUR PARTNER FROM ACCIDENTAL OVERDOSE.

### The 2-Man Kit is the #1 Recommended Kit for Law Enforcement

The **2-Man Decon Kit (2DK)** allows any user to remove bulk contamination with FiberTect wipes, then neutralize and kill any remaining contaminants by using Dahlgren Decon for a variety of immediate, tactical, operational, and cold weather decontamination needs for a two-man team.

## EVERY 2DK INCLUDES:

( 1 ) 22 Oz Dahlgren Decon

( 1 ) Tactical Sprayer

( 1 ) S-Cut QE

( 1 ) Stirring Rod

( 1 ) Mixing Beaker

( 4 ) FiberTect 6” x 12” polyester wipes

### If you carry a first aid kit in your cruiser, you should carry one of these kits.

The Personnel Decon Kit (PDK) and the 2-Man Decon Kit (2DK) contain FiberTect wipes and Dahlgren Decon. Together they are a completely integrated suite of decontamination solutions that can completely neutralize Fentanyl and other synthetic opioids in less than five minutes.
