

ADVANCED IN-PERSON TRAINING

First Line Utilization Academy (FLUA) is an in-person training program offered by First Line Technology, a partner with flightLMS in the education of threat protection and destruction preparedness. While flightLMS provides online education, FLUA takes it a step further with **in-person application of concepts and operational procedures.**

Get certified and perform lab to life-saving techniques with real products available through First Line Technology. Register for upcoming training sessions on [flightLMS.com](https://www.flightlms.com).

FLUA TRAINING TOPICS

- Fentanyl-Opioid Crisis
- Hybrid Decon Technique
- Product Walk-throughs
- TICs and TIMs
- CWAs and BWAs
- Advanced Threats
- First Receiver Triage
- DeconTect Awareness
